TAFT'S TAX SCHEME

Income Tax Practically Only Subject Before Senate.

CRITICISM FOR ALDRICH

Republican Leader In Senate Scored For His Position On Corporation Tax Scheme—Cummins Makes Speech in Incomes.

(By Wire to the Morning Star.)

Washington, D. C., June 30.—Income tax was practically the only subject and Senators Cummins, of Iowa, and Borah, of Idaho, the only speakers before the Senate today.

Mr. Borah was not heard until towards the close of the day's session when the Iowa Senator yielded the floor, which he had held since yesterday. He took for is text the declaration made yesterday by Senator Aldrich to the effect that he would vote for the corporation tax amendment only as a means of defeating the income tax, and without resorting to personalities, he criticised the position of the chairman of the Finance Committee, who had presented the corporation tax amendment to the Senate. Mr. Cummins also paid his respects to Mr. Aldrich on account of his avowal of yesterday.

Mr. Cummins took the floor as soon as a quorum could be obtained after the meeting of the Senate at 10 o'clock, and with a brief intermission for luncheon, which was an innovation in the Senate, he held it until 4:30 o'clock in the afternoon. This task was naturally arduous, but with an improved temperature, and because of Mr. Cummins' easy delivery, the experience was not so trying as it might have been for another under different circumstances.

Much of the time today was devoted to the consideration of the Nations' finances, but considerable attention was also given to the general merits of a tax on incomes, which Mr. Cummins defended as the most rational because the most just, of all taxes. Estimating the total revenues under the Aldrich-Payne bill at $360,000,000, and those to be derived from the internal revenue at $250,000,000, he predicted that at the end of the fiscal year 1911 there would be a deficit of not less than $175,000,000. He, therefore, considered that the amendment of the tariff bill by the addition of an income tax was necessary in order to produce sufficient revenue for the conduct for the business of the Government.

Mr. Cummins said that if the Finance Committee's resolution providing for the submission to the States of a constitutional amendment for an income tax should be presented to the Senate he would vote for it, but not with any hope of its success. He did not doubt that there would be enough interest manifested against it to obtain adverse votes in a sufficient number of States to defeat the proposition.

At St. Louis, Mo., yesterday the Waters-Pierce Oil Company was defendant in three suits filed by United States District Attorney Blodgett to recover $1,925, the value of rosin and turpentine, alleged to have been extricated from trees on government land near Citronelle, Ala., and sold to the defendant concern.

STATE BAR ASSOCIATION

Form[illegible] of Convening at Asheville Yes[illegible]—Legislation Needed.

([illegible] Star Telegram.)

Asheville, N. C., June 30.—The North Caro[illegible]ar Association opened its annu[illegible]vention with more than 200 law[illegible]resent from all parts of the S[illegible]. The session tonight was given [illegible]o addresses of welcome on behalf [illegible]e city and the Association and the address of the President sounding the key note of the convention to be the enactment of better laws in regard to the disbarment of attorneys and the qualifications for practice in this State.

The address of welcome on behalf of the city was made by Mr. Julius C. Martin. Mr. Martin welcomed them here with a address full of wit and humor and offering them the hospitality of the city. He urged upon the profession measures of reform in regard to speedy trials and other practices whereby justice is delayed over technicalities and minor points. The reply was made by Mr. Robert W. Winston, of Raleigh.

His address was optimistic and he spoke of the profession in this State in the highest terms. He advised the young lawyers to be honest and to work hard.

The president, Mr. Louis F. Clements, of Salisbury, made the closing address of the session in which he reviewed very carefully the laws of the State in regard to disbarment and urged upon this Association further enactment.

The session lasted for more than two hours. Tomorrow morning the session will take up the routine business and the first work of legislation to be presented at the General Assembly. Mr. Iredell Meares, Mr. George Rountree, and John D. Bellamy, are in attendance from Wilmington with their wives.

CREW STOLE GASOLENE SLOOP.

Foreigners Make Bold Dash on Maine Coast.

(By Wire to the Morning Star.)

Rockland, Me., June 30.—While Captain L. C. Hinds, of the gasoline sloop St. Paul, was ashore here today arranging to dispose of his cargo of salt fish, the crew of four men, all foreigners, put out to sea in the sloop and disappeared around Owl's Head. Captain Hinds notified Collector of the Port Fred W. Wright, who sent word to officials at near-by ports and on board revenue cutters to be on the lookout for the craft. The vessel is valued at $1,500.

SALOONS OUT OF TENNESSEE

Passing of Old John Barley Corn Marked by Unusual Scenes of Revelry and Hilarity——Acting of Legislature in Effect.

(By Wire to the Morning Star.)

Memphis, Tenn., June 30.—Bells in church and town clock steeples ou tolling the midnight hour tonight, marked the passing of saloons in Tennessee, for at that hour the Holladay State-wide prohibition law went into effect. This law makes it illegal to sell alcoholic beverages within four miles of any school house in the State. Only two cases are left in all Tennessee. Both are within 12 miles of Memphis, near the Mississippi State line. The nearest school house is six miles from both of these points, but steps have already been taken by white ribboners to have the county board of education erect a school house within the distance prescribed by the Holladay bill, so that there will be no mecca in the entire State for thirsty pilgrims.

Thousands of men are thrown out of employment and barkeepers are seeking better irrigated fields. The passing of the saloon in Memphis, and in other cities throughout the State, according to advices received tonight, is marked by scenes of unusual hilarity. The celebration started early today and lasted until the moment of closing, when there was a rush to purchase one last farewell drink over the bar.

Grogshops were crowded with lively revelers. Extra police precautions were taken in Memphis, Mayor Maloney instructing the Chief of Police to detail a patrolman to every block wherein is situated a saloon. But it was in the main a good natured throng that indulged in a farewell revelry.

While this good fellowship of tipplers was in progress, prohibitionists had meetings of rejoicing. Prayers were offered and hymns were sung in the homes of the leading teetotalers, although no public meeting was held at any of the churches.

Many were of the opinion, and some still are, that with the passing of the open saloon would come a reign of "blind tigers" and social clubs, where it would be possible for boozers to assuage alcoholic thirst, but Mayor Maloney declared his intention of enforcing the law throughout the city and State officers say they will do the same in every county.

Memphis, Tenn., June 30.—A temporary restraining order was issued tonight in answer to the petition of the stockholders of the Tennessee Brewing Company, which attacked the constitutionality of the sales and manufacturers act passed in conjunction with the recent State-wide prohibition enactment.

SIN SHOWED FEAR

Chinaman Who Told of The Sigel Murder Put to The Test.

MORE ABOUT REAL MURDERER

He Trembled and His Voice Broke When Shown Expressmen Who Moved Dead Girl's Body. Failed to Recognize [illegible]

(By Wire to the Morning Star.)

New York, June 30.—The complacency of Chung Sin, once the roommate of Leon Ling, who is wanted for the murder of Elsie Sigel on June 9, went all to pieces this afternoon when Arthur Logan, an expressman, walked into the cell where Chung Sin is held as more than a material witness and brusquely shouted, "Hullo."

Logan is the man who carried the trunk containing the body of the girl down stairs from Leon's room on the day of the murder. He has told the police that Chung Sin is one of the men he saw on the top floor of the house. Chung, on the contrary, has sworn by all his ancestors that he never saw the trunk packed or moved.

"You are the man," Logan said in Chung Sin's presence today, "who told me to take the trunk down stairs carefully. There was another slim fellow with you in the room—the same that came over to the office half an hour before to give me the order to call for the trunk."

"All mistake," protested Chung; "never see you before." The Chinaman's voice broke and he shook as if in fear as Logan was led out, still positive in his identification.

Chung was not kept waiting long before he had another visitor—this time Martin Luria, the chaffeur who drove a Chinaman and a trunk from the Harlem laundry to a chop-suey restaurant in Newark on the morning of June 10. The police had a theory that Chung Sin might have paid the fare and not Leon Ling. But Luria could not identify Chung Sin and still believes that it was Leon he had in his taxicab. A letter from Chung Sin written since his arrest to the Society of the Four Brothers, was intercepted and translated to the District Attorney's office. It protests that the murder was done by one man, and, therefore, the murderer only should be held; denounces the authorities and implores aid of all members in freeing him.

The police believe more and more that little reliance can be placed in the various rewards and offers of cooperation promised by the clans of Chinatown, and accordingly District Attorney Jerome today wrote John Endicott Gardner, Professor of Oriental Language and Literature in the University of the Pacific at San Jose, Cal., requesting his co-operation in the case as a trustworthy interpreter.

VALIDITY OF STATE BONDS.

Question to be Passed Upon by the Supreme Court.

(Special Star Telegram.)

Raleigh, N. C., June 30.—Following a lengthy session of the Council of State, Governor Kitchin issued tonight a statement as to the validity of the $500,000 bond issue to the effect that State officers have no doubt of the legality of the act but since the issue is raised by the prospective purchasers, it is thought best to have the Supreme Court settle the matter as soon as possible after opening the Fall session. In the meantime the Raleigh Savings Bank, which was awarded the entire issue as the highest bidder, pays $125,000 and remainder of the $500,000 and premium to be paid when the validity of the bonds is settled. This advance payment, it is stated, will be returned in the event the act is not sustained. In the meantime it will enable the State Hospital Commission to continue its work of enlarging and equipping the State institutions. The trouble grows out of the proviso amendment to the first section that did not pass three separate roll call readings. It stipulates that $31,000 of the bond issue must apply to the deficit of the Morganton and Goldsboro hospitals.

JEALOUSLY CAUSES TRAGEDY

One Man Killed, Woman Fatally Shot and Man Wounded.

(By Wire to the Morning Star.)

Middlesboro, Ky., June 30.—J. W. Mayes, a locomotive engineer, and Robert Culbertson, both of Norton, Va., fought a duel in the streets of Middlesboro late last night. Anna Hayes, over whose affections the men were jealous, was shot twice during the fight and is dying. Mayes was shot twice and cannot live. Culbertson escaped with a serious wound in the arm. Mayes, mortally wounded, fled after the shooting, and when the police and a posse overtook him, is said to have attempted suicide by jabbing his throat with a pocket knife.

TAFT GIVES WARNING

Paused in Yale Address to Read Congress Lesson.

WOE TO REPUBLICAN PARTY

President Declares If Republicans Don't Meet People's Wishes They Will Be Relegated to Rear. Taft's Strenuous Day.

(By Wire to the Morning Star.)

New Haven, Conn., June 30.—President Taft paused in the course of an after dinner speech to 1,800 graduates of Yale, gathered at the annual alumni feast today, to issue a serious note of warning to Congress and to the leaders of the Republican party.

The President declared that if the party which placed him in power and so long had controlled the Government failed to live up to its promises and the expectations of the people, it would be relegated to the position of a minority opposition.

Mr. Taft had been speaking humorously of recollections of his own college days, which made his sudden change to a serious tone of the important utterance upon National affairs all the more impressive. The President spoke extemperaneously and his utterances as to the duty of the party, of which he is nominally the head, seemed the result of a sudden impulse rather than of studied intent.

The Yale men caught his meaning and cheered for several minutes. He had been speaking of Secretary of War Dickinson, a Democrat upon whom Yale today conferred an honorary degree. He taunted the Democracy with the best of good humor as to its present day condition and this led him into the declaration as to his own party, "Just to show" the President concluded, amid laughter, "that we have troubles of our own."

The President in his tribute to Secretary Dickinson said:

"You went South of the Mason and Dixon line to get a Secretary of War to give a degree to. Well, it is well that you did, because he is going to build the Panama canal, and other universities will follow where you get in early. One of the difficulties that has confronted brother Dickinson, out in Chicago, where he has a temporary residence, was a discussion as to what constituted an orthodox Democrat, and whether really he ought to be counted a Democrat, if he allowed him to go into Republican cabinet. Well, when you come to discuss what is a Democrat these days, you are presented with very much the same difficulty that I have before me now in giving certain rules for the construction of the pure food law as to what whiskey is. They say there is 'straight whiskey' and there is 'rectified' whiskey and there is 'imitation' whiskey. Now I speak with a good deal of hesitation in saying whether my friend Dickinson is a 'straight' Democrat or a 'rectified' Democrat. I would not dare say in his presence that he was an 'imitation' Democrat.

The truth is, and speaking seriously, I consider myself most fortunate that I was able to obtain for that important place in my Cabinet a man who represented the highest ideals of the South, who knew no section in his patriotism, and whose coming into the Cabinet was insignificant of the friendliness of a large element in that Southern section, that it is in my heart to bring close to the North.

"Now, my dear friends, in suggesting differences among Democrats, I am far from ignoring some difficulties that there are on our side. I remember in 1904 that Mr. Charles Francis Adams gave what I may call a perfectly good Adams reason for the election of the Democratic candidate over the Republican candidate. He said one of the essentials of a successful free Government was an able, patriotic and efficient opposition, and that as the Democratic party had utterly failed in reaching that ideal, he was in favor of putting the Republican party in that place. Now I venture to say that while that may not be the reason which shall move the American people, it is true that if the Republican party does not live up to its promises and what the people expect of it, it will be relegated to a position like that of his majesty's opposition. And therefore, I may say by way of caveat, that we have troubles of our own."

The President had a busy and interesting day as the honor guest of the Yale commencement exercises. In cap and gown he walked in the dignified procession of graduates, fellows and faculty to the commencement ceremonies in Woolsey Hall. He attended a meeting of the Yale corporation, spoke at the midday dinner of the alumni, presided over a meeting held for the purpose of arranging for a memorial for Yale men who died on both sides of the Civil War, stood for nearly two hours with President Hadley at the commencement reception, and rushed tonight from a meeting of Skull and Bones to board his private car which was attached to the midnight train for Washington. The President will reach the Capital at 9:45 A. M. tomorrow.

The Skull and Bones is a secret society founded by the President's father when he was a student at Yale. All the Taft's have belonged to it and its proceedings are shrouded with all the adolescent mystery which characterizes college fraternities. The President passed into the mystic shrine of Skull and Bones temple all alone tonight.

Today's comencement was notable in many ways. President Hadley announced the receipt during the past year of gifts to the University amounting to $1,000,000. Of this sum $150,000 came from the General Educational Board, the allotment having been conditioned upon the receipt of $850,000 from other sources. One gift of $100,000 and three of $50,000 each were announced as anonymous.

President Hadley, Secretary Dickinson, Dr. Timothy Dwight, former President of Yale, and Bishop Lawrence, of Massachusetts, were the speakers at the alumni dinner in addition to President Taft.

President Taft said in reference to the conferring of a degree upon Admiral Sperry:

"The corporation took up the question of the navy and I assume from its action, although the spokesman of the University was a little but chary on that subject, that it approved the voyage of the 16 battleships around the world, and that it recognized in Admiral Sperry the supreme ability, the supreme equipoise and the determination which were able to meet the requirements of the custodian of $150,000,000 of United States propery, which if lost could not be restored in more than a decade; and I wish to say with reference to that trip that while it was criticised at the time, there is no single order of my predecessor, many of whose orders tended so much to the peace of the world which in my judgment, tended so much to the world, as the order by which he sent around-not a messenger of war, but as messengers of peace—those wonderful mechanisms known as the sixteen battleships of the United States."

SEABOARD AIR LINE BONDS.

Issue of $18,000,000 Gobbled Up in New York.

(By Wire to the Morning Star.)

Baltimore, June 30.—Announcement was made today that subscriptions to the underwriting of the $18,000,000 of 5 per cent. income bonds of the Seaboard Air Line Railway, (the name of which security has been changed to adjustment mortgage bonds) amounted to $36,000,000, or double the amount to be underwritten. Subscribers, therefore, received only 50 per cent. of the amount they applied for.

WRIGHTS' MACHINE DAMAGED

Flying Machine Again Wrecked After Flying Short Distance—Machine Damaged But Will be Ready for Trial Today.

(By Wire to the Morning Star.)

Washington, June 30.—Insufficient power again was responsible for the misbehavior of the Wright aeroplane today at Fort Myer. The first flight attempted by Orville Wright resulted in slight damage to the machine and ended the experiments for the day. Its duration was about 30 seconds. Mr. Wright said that the aeroplane would be ready for another trial tomorrow and that more power would be used.

The aeroplane glided down the starting rail at 6:48 o'clock and flew at a height of about 15 feet for the length of the drill grounds. It was evident that the machine was working much better than yesterday.

As he neared the southern end of the field, Orville lowered the left wing and raised the right one. The machine began to make the turn gracefully, but it had gone around only a few feet when it seemed to lose its equilibrium. When a little more than half way around the left wing struck the earth and brought the machine to the ground with considerable force.

The aviator remained in his seat as though contemplating the cause of the balky action of the aeroplane. After a few minutes he stepped out and upon examination found that the right skid was broken near the forward end, and that a few wires had been jerked loose. The cavalry guard kept everyone but the Wrights and their assistants away from the machine, which was returned to the aeroplane shed.

There was a large crowd at the fort. Among the spectators were a number of Senators who neglected the tariff debate to be present. The officers at the fort provided an inspection drill for the entertainment of the crowds, while they were waiting for the aeroplane tests.

Charlie Taft, the President's younger son, went to Fort Myer with Maj. Squier, of the Signal Corps, and insisted upon having the Wright machine explained to him in detail. He manifested great interest in the aeroplant and to show his appreciation of the Wrights' courtesy he explained to Bishop Milton Wright, father of the aviators, the maneuvers of the cavalry and artillery.

It was another sad story that came to the fans over the wires from Raleigh at the baseball matinee at Struthers' yesterday afternoon, a story of Wilmington's second defeat at the hands of the Red Birds, score 6 to 4. Rube Howard was in the box for the locals and pitched a splendid game with the exception of two innings when the capital swatters bunched hits off his delivery and these with a medley of errors cost the game. Brandon had to be sent in to stem the tide against the heavy-hitting Sailors in the seventh inning.

The game started off pretty enough with each team out in order in the first. Levy got a single for the locals in the second with one down, but Sharp and Jayes were powerless to advance him. Raleigh started the fireworks in the second when Hoffman led off with a single to centre, was sacrificed by Brumfeld and went to third on error of Howard's handling hit of Dawson, who was safe at first; Dawson then stole second and while Wright bunted out, pitcher to first, Hoffman scored; Erwin then hit a screamer to centre for two bags and Dawson scored, Booles dying short to first.

In the third Kite drew a pass and Howard singled to centre, while Hemp hit to pitcher and Kite was out at third; Nichols hit over second, but Hemp was out at second; Smith was up and Howard was caught off third. Raleigh added four more in her half of the third when Hart was safe on error of third but was forced by Crozier's bunt to pitcher; Haas followed this up with a double to right and Crozier went to third, scoring when Hoffman hit to pitcher who threw wild; Brumfeld then tapped one lightly for three bases, scoring Haas and Hoffman; Dawson then hit out to first unassisted, but Brumfeld crossed the marble. Wright then drew a pass, but Erwin flew to short.

It was one, two, three for both in the fourth and after Sharp and Jayes had fanned in succession in the fifth, Howard hit to left for two bases and Kite, who had walked, was on third and Hemp was hit by a pitched ball, filling the bases, but Nichols flew long to left. Raleigh was out in order in the fifth and it was the same in the sixth.

Wilmington had a batting rally in the seventh when Jayes hit a scorcher to centre for two bases after Sharp had fouled out to third; Kite followed with a single to left and on pitcher's wild throw of Howard's hit he and Jayes scored; then Hemp flew to right but Nichols drew a pass and Smith laced out a double to left, scoring Howard and Nichols; Brodie was up and walked and Brandon went in to relieve Booles; Levy ended further scoring by flying to left. It was one, two, three for Raleigh in the seventh.

In the eighth Brandon fanned Sharp, Jayes and Kite in succession. Brumfeld ran in a single in Raleigh's eighth but the others were out in order. Wilmington nearly scored in the ninth after Howard and Hemp were out second to first, Nichols being safe on error of short and going to third on Smith's pretty single to centre, but Brodie ended the hope by fanning.

TAFT CARRYING OUT "MY POLICIES."

Some time ago, an interior newspaper charged Wall Street with instigating, aiding and abetting the Aldrich bill for high protective duties. A financial paper in New York corrected the misconception and declared that Wall Street was strenuously opposed to a high tariff and wanted the will of the people for revision downward carried out. It was explained that the principal reason for this position in America's great financial centre was that revision downward would remove the tariff issue from politics for many years, so that continuous agitation of this disturbing element would cease and allow the business of the country to settle down on a safe basis.

We now suspect that Wall Street wanted a lower tariff so it would raise enough revenue without this country's entering upon some other taxing scheme more dangerous and less desirable. Now that the Aldrich high tariff bill if enacted, and it will be, will not produce the revenue wanted, Wall Street's fears are about to be realized. President Taft has recommended a tax of two per cent. on the net incomes of corporations and that measure is now before the Senate for consideration.

We have watched to see how Wall Street would take this new taxing plan, and our suspicions or expectations about it are realized. The financiers are against it. They regard it as a great disturber of the financial and business interests of the country. For instance, the Financial Chronicle, of June 26th says:

"Ten days ago the country was on the high road to recovery in business. Now there is more or less confusion again in the industrial world. And the cause of the unsettlement is entirely political, just as were the disturbances and trials that marked the closing years of the Administration whose term of office ended on the 4th of March. In the hesitating, halting tendency now observable in trade circles we have a new illustration of how close is the connection between mercantile prosperity and the action of our legislators at Washington or at the State capitals, when engaged in subverting the fundamental elements in the country's economic, financial or political structure.

"It was on Wednesday of last week that President Taft suddenly took a hand in tariff legislation and sent his special message to Congress urging the adoption of an amendment to the Constitution of the United States, so as to confer upon Congress express authority to levy an income tax, and urging likewise as a preliminary step and to cover the interval that must elapse before the Constitutional Amendment could become effective, a partial income tax—that is, a tax on the earnings of corporations of every class and description. Up to that moment every one in the business world was inclined to go ahead; and enterprise, previously dormant for two years, was again becoming venturesome. Tariff legislation was still in a state of uncertainty, but even in face of that fact trade was steadily reviving. As an illustration, in the iron and steel industry, which is certainly as deeply concerned as any industry in the land respecting prospective changes in tariff duties, furnaces and plants are now employed to the extent of 80 to 90 per cent of their capacity, as against only 40 per cent to 45 per cent twelve months ago. The reason why there has been this revival is that the industrial world had unbounded confidence that the political disturbances which had been the source of all the country's serious troubles in recent years were a thing of the past. Accordingly a belief grew up that business could now proceed unmolested by fears of new dangers and assaults from that source. The President, by his demeanor and action, had done much to encourage the idea that it would be his purpose not to do anything to interfere with trade recovery. But now comes his message revamping the Roosevelt policies and doctrines. Consequently, where before everything was bright and cheery in the business world, now there is doubt and fear once more.

"As stated by us last week, what is peculiarly disturbing about the corporation tax proposal is the wide sweep it is to have and the fact that it is to be used as a means to give the Federal Government supervision and regulation of the whole of the country's activities. State boundaries are to be obliterated and every industry in the land is to feel the hand of the Government, much in the same way that the railroads have already felt it. All disguise has been thrown aside. It is not the transportation interest that is aimed at this time, nor is it merely corporations which may be engaged in inter-State trade, but corporations of all character and description, no matter what their business, no matter where their location, no matter whether their products and manufactures are consumed within a thousand feet or a thousand miles of the place of production. The tax, too, is to be merely an incidence of the scheme of Federal control.

"In the language of Mr. Taft, as expressed in his message, the 'merit of this tax is the Federal supervision which must be exercised in order to make the law effective over the annual accounts and business transactions of all corporations.' 'If now,' continues the President, 'by a perfectly legitimate and effective system of taxation we are incidentally able to possess the Government and the stockholders and the public of the knowledge of the real business transactions and the gains and profits of every corportation in the country, we have made a long step towards that supervisory control of corporations which may prevent a further abuse of power.' This is the scheme pure and simple. There is no surmise or conjecture about it. These are the President's own words and they show clearly what is the purpose and the intent.

"Let no one be deceived, therefore. The Government at Washington wants power to supervise and regulate every corporation in the country. It could not get any such power through any conceivable application of the Inter-State Commerce clause of the Constitution, so the attempt is to be made to attain he same end through the guise of an excise tax. In order to collect this tax and prevent evasion and fraud, the Government must have full information and details of the corporations' business, and, having acquired such information, why should it not be spread broadcast and why should it not also be used for the purpose of regulating the business and affairs of the corporation? So the argument runs. Could Government inquisition go further than this? As business men are becoming aware of what is intended, opposition to this dangerous scheme is developing with great rapidity."

As a result of the strong opposition in financial circles to the new taxing measure, a flood of telegrams equaling that which swamped the wires during the anti-railroad pass fight, is pouring in upon the Senate in opposition to the corporation tax amendment. It is now said that some Republican Senators pledged to vote for the Administration programme, are feeling concern as to the wisdom of their course. It is even hinted that the whole thing will be side-tracked for the inheritance tax measure of the House of Representatives.

"We are down on the two-faced man" declares an exchange. Well, as far as that is concerned, we just have to have two-faced men. For instance, a face that beams with smiles when the home team wins, and another face that takes on an elongated and pine knot appearance when the score goes the other way.

A Washington dispatch announces that all day long on Monday President Taft heard arguments on the question "What Is Whiskey?" How in the thunder can the gentlemen make a decision on argument? Tasting will tell the tale, but then too much of that will bring on more talk.

The Atlanta papers announce that Little Joe Brown, Georgia's new Governor, "drinks from a gourd." Even if he does, the odor of the gourd will give him away if he drinks anything else but water out of it.

At Houston, Tex., June 28th, the first bale of new crop cotton sold at auction for $425. The bale came from Mercedes, Hidalgo county, Texas. The first bale last year was received June 20th.

When folks get too much of the "affinity" 'idea in their heads they awake to the realization sooner or later, mostly sooner, that they are simply finiky.

It is stated that a Chicago surgeon has successfully grafted a lamb's bone on a man's leg. We have a mortal fear that the surgeon will fleece the man.

The Georgia Legislature is in session. It is not known what steps Atlanta will take to try to hide her humiliation.

If he's got a bungalow, watch out or he'll get you.

—The moneyed men of Graham are evidently not expecting the tariff to interfere with the cotton manufacturing business. They are planning a million dollar mill. They are wise enough to hold with the late Col. Walter L. Steele and Senator Vance and look to make their profits without governmental favor.—Raleigh News and Observer.

—"We are glad to see that Hon. W. J. Bryan will contest for the senatorship in his State next year. If he wins he will in time be a great factor in the South. If he loses that ends his political career. It is a supreme test he is making. Brave men always take close chances. —Durham, June 29.—Sheriff J. F. Harward returned tonight at 9:15 from Virgilina, Va., where Charles Carroll, a Durham tough, is badly wanted for various and sundry devilries. Carroll had been eluding the officers here for the last three years. HisH worst offense is burglary, breaking into a house and stealing $16. He has stolen chickens enough to make the most approved colored thief everlastingly jealous and has made blockade liquor out of cheap chemicals and general cussedness enough to pollute every stream in the county. He has always managed to escape when in trouble, but was shot once by Deputy Belvin when he was chased by the Durham man. Today when captured, Carroll made a break but was shot down and was brought to Deniston, Va., on a cot. The Durham officers met him there and brought him here. His pal escaped, but bloodhounds were put on his track and he is expected to be bagged. Carroll in person is the least pretty of men. He is six feet, eight inches with the most elongated legs. He has the reputation of being able to outrun a horse, has been frequently known to catch a rabbit and in a foot race against Deputy Belvin is the only man who has ever distanced him. It was in one of these chases that caused Captain Belvin to shoot at him and injure him in the hand. There are so many charges against this fellow that nobody knows which one he must first face. He will doubtless be given a hearing on the count for burglary.

Life 100,000 Years Ago.

Scientists has found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Lungs, Colds, obstinate Coughs, and prevent Pneumonia, its the best medicine on earth. 50c and $1.00. Guaranteed by R. R. Bellamy. Trial bottle free.

MR. GODWIN FOR THIRD TERM

Congressman From This District Talks About Rumors of Opposition Candidates—Will Stand on His Record.

(Special to Star.)

Washington, D. C., June 29.—Hon. H. L. Godwin was questioned today about the recent press reports sent out from Washington naming candidates, and as to whether he would have opposition for the nomination next year. He was also requested to make a statement as to general matters relating to the Sixth District. Mr. Godwin said:

"Yes, I have read a few newspaper reports relating to the candidates who will likely enter the field against me next year for the nomination, but so far as I know no one has made any public announcement of his candidacy. But little has been said or written by our people in the Sixth District in reference to politics; the farmers are too busy in their crops, and the others are too much engaged in every-day business affairs. The papers have mentioned the names of very prominent gentlemen who will likely run against me. I will not be surprised if I have opposition, and if another is nominated he will have no more loyal supporter for election at the polls than I.

"So far as my candidacy is concerned, I intend to leave it entirely with the people. They are very will aware of what I have done in their interest since I have been in Congress; they know whether my public service has been a success or failure; they fully understand all the projects I now have under way for the uplift of the district, and they must decide whether they wish me to continue the work to completion or whether they will require the services of another to carry it on. I will cheerfully abide their decision, but I do not believe it would be anything amiss for me to say that it is my ambition to be returned to Congress for a few more terms in order that I may have an opportunity to complete the work I have already undertaken. Beyond this I have no special desire to remain in Congress.

"I have many measures now pending which are of vital importance to the people of the district. I will mention a few of them: The thirty-foot project, which will give Wilmington a 30 foot channel to the sea; the improvement of the upper Cape Fear by the construction of three locks and dams of sufficient strength to gaurantee eight feet of water for navigation between Fayetteville and Wilmington all the year around; the extension of the Inland Waterway to Wilmington, Southport and down the Atlantic coast; the improvement, by dredging and otherwise, of the Northeast river, Elizabeth river, the Shallotte river, the Lumber river, the Waccamaw river, the Little river, and the other waterways of the district, sufficient for the purpose of freight and passenger transportation. Since I have been in Congress the sum of $460,000 has been appropriated for the river and harbor improvement of our district. Deep water transportation is the absolute and certain guarantee of complete regulation of freight rates. The reclaiming of the ruins of Fort Fisher, the establishment of a National park there, and the erection of suitable monuments to commemorate the heroism of those brave soldiers who participated in that memorable conflict, is a matter of public importance, and is engaging the attention of many people of the country. Congress should endorse the project by a sufficient appropriation to carry out the undertaking. I have a bill pending for this purpose, which I hope to be able to get through at some early date. I have already secured $300,000 for the construction of a customs house and bonded warehouse at Wilmington, but $200,000 additional will be required to complete this work to make it in keeping with Wilmington and the South Atlantic ports. The Supervising Architect is now completing plans for the public building at Fayetteville. I have secured $10,000 in addition to the former appropriation for this building and another appropriation may be necessary to complete a building suitable for this progressive city.

"The question of swamp drainage is now agitating the minds of the people of the district. I have succeeded in securing a few appropriations for the purpose of carrying out drainage investigations in many sections of the district. Something like $3,000 or $4,000 will be expended by the government in the Sixth District during the present Summer in developing projects to show the people just how swamp drainage may be carried out. I have secured appropriations amounting to $10,000 for soil surveys in the district. The field work in one county has been completed and the map with report of survey will be available for distribution at an early date; the work for another county has already been assigned and will be taken up by a corps of engineers this Summer. I am pressing this work as rapidly as possible, and other counties in the district will be taken up as soon as they can be reached. The farmers co-operative demonstration work is now being extended throughout the district; I have induced the Agricultural Department at Washington to take it up on a large scale in two counties, and to a limited extent in two others. Dr. Knapp has promised me to fully extend this work throughout five or six counties next year. It requires a great deal of money to carry on this work, and it is my intention to give it to the farmers of every county as soon as I can get sufficient appropriations. The people are becoming more and more interested every year in the subject of agricultural education; they are now calling upon me for all available information and assistance furnished by the Department of Agriculture, and I have been able to assist many of those who have shown a deep interest in agriculture, with remarkable results. I now have pending in Congress bills for the relief of many people of the district; for certain educational purposes; for the equipment and construction of better quarters for government officials, and for reclaiming and beautifying public grounds and government property."

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J.
"I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and $1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

—Capt. J. R. Stephens, a popular Seaboard conductor formerly on the Wilmington-Hamlet passenger run, spent yesterday at the beach on a pleasure trip and was cordially received by many friends here.

—Tuesday's Charlotte News: "Miss Mamie Nathan, of Wilmington, who has been the guest of Miss Carrie Nathan for several weeks on West Seventh street, returned to her home this morning."

—Yesterday's Charlotte Observer: "Mrs. Alice Everitt, of Wilmington, who has been visiting her brother, Judge Platt D. Walker, on South Tryon street, left yesterday for Asheville to spend several weeks."

—Mr. and Mrs. C. Ed Taylor were in the city yesterday, returning to their home at Southport, from their bridal tour which included visits to Detroit, Niagara, Montreal, Lake Champlain and Lake George. They were most cordially received by their many friends while in Wilmington.

—Capt. W. A. Sanders returned to the city Tuesday evening from New York. Capt. Sanders will leave Saturday, accompanied by his family, returning to New York where they will make their home in the future. Many friends in Wilmington regret to lose them as residents and hope for their early return.

ALDERMEN MEET FRIDAY NIGHT

Will Pass on Bids to Remove Trash and Garbage From Streets—Important Ordinance May Be Considered.

Mayor Walter G. MacRae has called a special meeting of the Board of Aldermen for Friday night at 8 o'clock to receive the bids for the collection and removal of trash and garbage from the streets and for the transaction of such other business as may come before the body.

It is likely that an ordinance will be presented for the consideration of the members to prohibit the throwing of sample packages of medicine or other merchandise or of hand bills, circulars or other advertising matter in yards, halls, porches, doorways or vestibules without first getting the permission of the owner or occupant of such premises and providing for a fine for its violation. Complaint has been made to the Mayor during the past few days that indecent literature of a quack patent medicine house has been distributed on the streets and in the yards of the citizens of the city. The citizens were justly indignant when they found on their door steps small pamphlets containing matter which should not be read by their wives and children and it is understood that in the event such an ordinance as outlined above is offered it will be designed to prevent the wholesale distribution in the city of literature of that character.

LOCAL DOTS.

—Col. John D. Taylor, Clerk of the Superior Court, has received the acts of the Legislature of 1909 for distribution among the magistrates of the county.

—Masonboro won two interesting games of baseball on the home grounds yesterday afternoon, the first with Wrightsville 11 to 7, and the second with East Wilmington, 6 to 4.

—A broken trolley wire just this side of Greenville delayed traffic and necessitated a transfer of passengers on the suburban trolley line for some time last night between 9 and 10 o'clock.

—The dividend of 3 per cent. recently declared by the Board of Directors of the Atlantic Coast Line Railroad Company on the common capital stock of the company, will be payable at the office of the treasurer in this city on and after July 10th.

—A building permit has been issued from the office of Building Inspector Bonitz to Mrs. J. J. Kelly for the erection of a three-story frame residence on Fourth street, between Princess and Chesnut, at an estimated cost of $4,000. The building is in course of construction.

—There were about 25 canines in the "pound" at the rear of the city market yesterday afternoon, having been collected by Dog Catcher Todd in his rounds of the day. It was stated at the City Hall that since the dog catcher started out the sale of dog badges has shown an unusual increase.

—The Sunday School excursion from Lumberton yesterday was the largest of the season and brought between 600 and 800 visitors to the city and seaside resorts, arriving at 11:30 A. M. and returning at 7:30 P. M. Mr. Frank Gough, the veteran excursion manager, was in charge and the trip was a delightful success in every way.

—Friends of Mr. R. R. Bellamy will regret to know that he was confined to his home yesterday as the result of being thrown from his buggy which was in collision with a country cart in the suburbs of the city Tuesday afternoon. He hopes to be out again today but is suffering considerably from bruises and sprains as the result of the accident.

—Boy Mitchell, colored, was arrested at 11:30 o'clock last night by Patrolman M. C. Gray on the charge of selling whiskey to John Moore, a white man, who was arrested Monday night for drunkenness. The case will be tried before the Recorder this morning. While Moore was returning to his room at the Bonitz early this morning he was struck in the head by an unknown white man and had to be sent to the hospital.

EVENTS OF THE FIFTH.

Aquatic and Athletic Meet Will be Held at Wrightsville Beach.

An interesting feature of the fourth of July celebration Monday, will be the aquatic and athletic meet at Wrightsville Beach under the auspices of the Y. M. C. A.

The meet will be even more interesting than the one the first of last month an additional feature being the swimming contests. The Tidewater Power Company has charge of the meet and quite a number of the members of the Y. M. C. A. have expressed their willingness to participate in the various events arranged. Prizes of loving cups will be given the winners of the canoe and swimming races and street car tickets to those in other events. Those wishing to enter will apply at the Tidewater office or Y. M. C. A.

RALEIGH TOOK LAST

(Continued From First Page.)

*Relieved Brooks 7th inning.

Score by Innings.

Wilmington	....000 000 400	4	9 3
Raleigh	.....024 000 00x	6	5 2

Summary—Two-base hits, Howard, Smith, Jayes, Haas, Irwin; three-base hit, Brumfeld; double plays, Wright to Hart to Haas; bases on balls, off Howard 2, off Brooks 4, off Brandon 1; struck out, by Howard 6; Brooks 4, Brandon 4; time 1:35; umpire McLaughlin; attendance 650.

Tie at Fayetteville.

Fayetteville, N. C., June 30.—Rocky Mount and Fayetteville played nine innings to a tie today, score 2 to 2, the game being called on account of darkness. The pitching and fielding of Hallman was the feature. Both teams played errorless ball. Score:

Rocky Mount	...200 000 000	2	8 0
Foyetteville	....020 000 000	2	10 0

Thorpe, Waymack and Stephens and Walsh; McKeithan, Hallman and Galvin; umpire Barre.

Wilson Shut Out.

Goldsboro, N. C., June 30.—Stoehr shut Wilson out here today, winning easily by the score of 3 to 0. The game was called at the end of the seventh on account of rain. Doak and Sharpe did the feature stunt for the locals. While Cowell for Wilson fanned 11 Giants he could not keep the hits scattered. Score:

Goldsboro	.....020 0001	3	4 2
Wilson	.....000 0000	0	6 2

Stoehr and Stubbe; Cowell and Gilmore; umpire Accorsini; time 1:14; attendance 600.

SNORTS.

Near-Ball.

Whiffletits!

Tap! Tap! Tap!

A regular go-as-you-please with no handicap to speak of.

The Giants again treated the Tobacconists from Wilson quite nought-y.

Tear jugs were in evidence at the Electric Matinee at the close of the game.

Rube Brandon made three of the home talent churn the air in one inning.

Had to swallow a bitter pill, but it will no more stay down than hard boiled eggs in a dyspeptic.

Lancaster, who has played college ball with Randolph-Macon, has been signed by Rocky Mount.

That fight in the cellar yesterday was a good one. The finish saw neither Fayetteville or Rocky Mount on top.

The Wilmington diamond will be limed good for today's contest to offset any dog days' risk from rank performing.

Judging from the details, the Sailors' work on and between bases must have resembled a field day at a Soldiers' Home.

No one can say the team didn't hit yesterday, or in any game this week for that matter. Believe the slugging has been heavier than in any series in the league so far.

Mr. Bolles, who started the agony for the Red Birds, found a little difficulty in always locating the pie-tin, ambling a covey of the Sailors and hitting Hemp for a free bag.

Drawing five constitutionals and a kin-move, and eight bingles, with three of them for extra cushions, from Raleigh, and yet let them win out. What d'you think of that?

Never you mind! Our time is coming, and soon. Those new men will be looming up pretty soon, and then there'll be something doing for a few of these other teams that are now carrying things before them.

Reuben Howard hit the ball hard, but he also allowed his opponents to indulge in the same practice when they managed to connect; and besides this he was rather wild and threw in one or two of Raleigh's runs himself.

Go out today and pull for the team! Pull hard! They need the encouragement, to say nothing of the money. Let everybody be on hand. You want to see the team on a winning basis, and now's the time to help it along with your coin in taking in the games.

Mr. David Ray Host of Stag Party on Wrightsville Sound Last Night.

Mr. David Ray, the well known and popular traveling man, was the host of a merry stag party last night at the Atlantic View Hotel, on Wrightsville Sound, conducted this season by Mrs. Katherine Ray. The guests numbered seven and included a party of fishermen, otherwise piscatorial prevaricators, who will join Mr. Ray on an expedition to "The Rocks" today, and they were invited down to supper where an elegant menu was served, embracing all the delicacies of the sea and substantials of the season, served in most attractive style. The evening was spent most pleasantly on the beautiful grounds and verandas of the hotel and Mr. Ray and Mrs. Ray were voted most charming host and hostess by each and everyone so fortunate as to be included in the party.

NEW INDUSTRIES FOR CITY

The Greater Wilmington Club, Infant Organization of Business Men, Working on Several Propositions—Meeting.

Although in its infancy, being less than a month old, the Greater Wilmington Club is down to business and a number of propositions that will likely result beneficially to Wilmington are under consideration by the officers of the association.

The fact that Wilmington business men have organized a progressive club to look after the material interests of the city, commercial and industrial, has spread abroad and numerous inquiries are pouring into the office of Secretary Woodus Kellum.

Several outside capitalists have made inquiries relative to establishing manufacturing plants here and numerous inventors have called upon the organization to aid them in financing companies to manufacture and put their products on the market. All of these propositions are receiving the careful attention of the officers of the association and the committees. An outside capitalist, whose name the officers are not in a position to give out at present, is seriously considering the advisability of establishing a large furniture factory in this city and the officers of the club are giving him their aid in the matter. A proposition to erect another large box factory here is also under consideration. The company proposes to manufacture boxes, baskets and crates, giving their attention chiefly to crates and baskets. Inventors of a number of farming implements and household necessities have called upon Secretary Kellum with a view of securing the aid of the organization in interesting local capital in manufacturing their machines and articles.

Mr. A. R. Matthews, of Clover, S. C., inventor of a successful cotton and corn cutter, is in the city with his implement and is trying to interest local business men in a proposition to construct the machines here. The club is assisting him and it is thought probable that a company composed of local capitalists will be formed and a home office established here. The inventor claims that his machine is a vast improvement over any yet placed upon the market, and he is sure that it will find a ready sale among the farmers of the country. The machine is on exhibition on Second street at the rear of the Messenger job office.

A meeting of the club will be held in a few days and it is expected that several interesting reports will be submitted. The possibilities of the club are far-reaching and through its efforts material advancement along all lines of endeavor are expected.

WILL MEET IN ASHEVILLE

Annual Convention of Retail Hardware Men of Carolinas.

The annual meeting of the Retail Hardware Association of the Carolinas will be held in Asheville Tuesday, Wednesday and Thursday of next week. Several Wilmington hardware men will probably attend. It is expected that the attendance will reach the 200 mark.

The committee has arranged an attractive programme for the gathering covering every phase of the hardware business. Prominent lawyers have been invited to address the convention on the many legal points that are constantly coming up. The visitors will be well entertained while they are in the Mountain City. Wednesday afternoon there will be a trap shoot at the Asheville Rod and Gun Club. Also several trips of interest are being planned by the committee. Space at the Battery Park Hotel has been reserved by an unusually large number of houses for the exhibition of their goods.

REMAINS LAID TO REST.

Funeral of Mrs. Lossie deRosset Myers Yesterday Afternoon.

In the presence of a large number of relatives and friends, impressive funeral services were held at St. James' Episcopal church at 5:30 o'clock yesterday afternoon over the remains of Mrs. Lossie deRosset Myers, whose sad death occurred Monday evening while she was on her way to the home of her physician across the street from where she lived in the Carolina Apartment House. The services were conducted by Bishop Robert Strange, assisted by Rev. Wm. E. Cox, rector of St. John's Church, and Rev. Dr. Francis M. Osborne, of Charlotte. There was a profusion of beautiful floral designs. The remains were laid to rest in Oakdale cemetery.

The five sons of the deceased and one of her nephews acted as pall-bearers, the names being, Messrs. Charles D., Armand deRosset, Frank K., Gaston L. and Thomas E. Myers and Thomas C. deRosset.

FUNERAL OF MISS FARROW.

Services Held From St. Andrew's Church Yesterday Afternoon.

The funeral services of Miss Maie Augusta Farrow, who passed away Tuesday morning, were held from St. Andrew's Presbyterian Church at 4 o'clock yesterday afternoon, conducted by Rev. Dr. A. D. McClure, assisted by Rev. C. F. Whitlock, pastor of Brooklyn Baptist Church. A large number of sorrowing relatives and sympathizing friends were present and the many beautiful floral designs attested the high esteem in which the young lady was held. The interment was in Oakdale cemetery.

The pall-bearers were: Honorary—Messrs. W. H. Sprunt and E. C. Woodbury; active—Messrs. Fred Hutaff, Tuck Farris, J. Sam Brittain, W. L. West, Joe Hill and John Beckwith.

TRAGIC DEATH OF YOUNG MAN

Sam Stewart Loses Life at Wrightsville Beach—Dived From Life Savers' Station and Shock Caused Death.

Mr. Samuel Henry Stewart, 20 years old, one of the most popular and energetic young men in the freight traffic department of the Atlantic Coast Line, lost his life at 5:30 o'clock yesterday afternoon while in bathing with friends in front of Lumina on Wrightsville Beach.

The body was recovered in five minutes, but the efforts of the attending physician, Dr. J. C. Wessell, to resuscitate him were to no avail, the body being lifeless when taken from the water. He jumped from the life savers' station and Dr. Wessell gave it as his opinion that death resulted from heart failure, due to shock, rather than from drowning.

Young Stewart was in bathing with Mr. Chauncey Delamar and one or two others and had not been in the water more than five minutes when he took the fatal dive. The other young men had jumped from the station, but this was Stewart's first leap. He struck the water with his stomach and was caught by a breaker. As he struck the water he was heard to utter a cry and Life Saver William E. Watson was to his assistance in two minutes. Life was already extinct, however.

The body was carried in the freight depot of the Tidewater Power Company, where Dr. Wessell, who was on the beach at the time, labored for some time in the hope of bringing the young man back to life. The remains were removed to the funeral parlors of Mr. W. E. Yopp and prepared for burial and at a late hour last night were carried to the home of Mrs. John L. Dudley, No. 404 South Front street, where the young man roomed.

At the request of several friends of the deceased Coroner C. D. Bell made an investigation into the circumstances of the death and he reached the same conclusion as Dr. Wessell.

The funeral arrangements have not been made yet, advices from the sisters and brothers of the deceased being awaited. A telephone message was received from Mr. J. F. Brinson, superintendent of the Odd Fellows Home in Goldsboro, where the young man was reared and educated, asking that the body be sent there for burial. Members of Cape Fear Lodge, Wilmington, have offered a lot in their reservation in Oakdale cemetery, should it be desired to have the interment here.

Young Stewart was employed in the freight traffic offices of the Atlantic Coast Line, working under Mr. C. McD. Davis, assistant general freight agent, and was one of the brightest and most popular young men in the office and highly esteemed and respected by all with whom he was acquainted. His genial disposition made him a favorite in the office and the announcement of his tragic death was received with deep sorrow by his associates. He came here about three years ago from the Odd Fellow's Orphan Home in Goldsboro, where he had been since the death of his parents in Mt. Airy in 1894. He visited Wilmington with the class when he was only five years old and members of the local lodges, among whom was Mr. W. H. Yopp, became very much attached to the lad. When he attained the age of 17 the local Odd Fellows secured him a position in the Coast Line offices here and by hard and diligent work he rose rapidly. Few young men had brighter prospects for the future than Young Stewart.

As soon as he arrived here he joined St. Andrew's Presbyterian Church and was a regular attendant upon the church services and Sunday School.

The deceased is survivied by two sisters and two brothers. The sisters were in the orphans' home at the same time he was. They reside in Atlanta, Ga., one being married. The married sister is visiting at her old home in Mt. Airy. A brother, Mr. Oscar Stewart, lives in Baltimore and a half-brother lives in Greensboro. Messages were sent to them last night conveying the sad intelligence of the tragic death of their brother and asking what disposition they desired made of the body.

STEAMER WENT TO SEA.

Large Party of Charlotte Excursionists Had Delightful Day.

Over 200 excursionists, a majority of those who arrived in the city on Tuesday from Charlotte, spent a delightful day on the steamer Wilmington, which made a trip to sea, stopping at Carolina Beach and Southport. The Wilmington left yesterday morning at 9 o'clock and on the return trip arrived at 4:45 P. M. Quite a few who came on the excursion from Lumberton were anxious to take the trip on the Wilmington but the train arrived too late for the trip. The Charlotte excursionists will leave for home this morning.

Postal in New Quarters.

The office of the Postal Telegraph Company has been moved into modern new quarters a few doors further up North Front street from the place formerly occupied by them. In order to get into the new building without discontinuing the service the shift had to be made at night, and the day's business was resumed yesterday as usual. The new place is handsomely fitted up and up-to-date in every respect.

Concert at Lumina Today.

A fine band concert has been arranged for this afternoon at Lumina and an excellent and entertaining programme will be rendered. The concert begins at 4:45 o'clock and among the special numbers to be played will be the overture, "Mignon" a selection from "50 Miles from Boston" and a 'Cello solo.

H. W. HOWELL MADE SERGEANT

Unanimously Elected at Meeting of Fire and Police Commission Last Night—His Successor Not Named—Reports.

The Fire and Police Commission in session at the City Hall last night, Chairman Wm. E. Springer presiding, and Commissioners W. A. French, Jas. F. Woolvin and John Barry in attendance, elected Private H. W. Howell as fourth sergeant to fill the vacancy caused by the refusal of Constable Savage to serve in that capacity, and received the monthly reports of the chief of police and the chief of the fire department.

The meeting was called to order at 8 o'clock in the treasurer's office, and the Commissioners were in session less than an hour. Clerk Fowler read the minutes of the several July meetings and they stood approved. The report of Chief Chas. Schnibben, of the Fire Department, showed that the firemen were called upon to respond to only four alarms during the month of June and that the total fire loss would not exceed $100. Chief of Police N. J. Williams' report showed that during the month 107 arrests were made, 44 being white and 63 colored.

Commissioner French stated that bids would be received until July 20th for repairing the old steam fire engine Cape Fear. He also reported that the new six-circuit fire alarm repeater had been installed by the Gamewell people and the tests showed that it would give perfect satisfaction. The repeater, which cost $1,000, was installed by City Electrician John T. Yates. It was tested yesterday morning, alarms being sent in from six stations in different parts of the city, and worked satisfactorily. The city will be divided into six sub-divisions as is required by the new repeater.

Chairman Springer stated that the new uniforms for the police had been received and accepted and gave perfect satisfaction. The uniforms required fewer alterations than formerly. They were furnished by Ed. N. Penny, Inc. The chairman also stated that no headquarters had yet been provided for Commission, but that he hoped some provision would be made soon. The Commission will shortly begin work on new rules and regulations.

Commissioner French inquired if there was not some way to settle the matter of the selection of a sergeant to fill the vacancy on the force, the Commissioners at a previous meeting having failed to agree on a man. After an informal discussion of the matter Commissioner French moved that Mr. H. W. Howell be elected. The motion was seconded by Captain Barry and carried unanimously. Mr. Howell has been on the force for 10 years or more and is eminently qualified for the place to which he was elected. The vacancy caused by the promotion of Mr. Howell will be considered at the next meeting.

EIGHTEEN MONTHS ON ROADS

Sentence Imposed Upon Josiah Martin, Colored, For Larceny.

In the Recorder's court yesterday morning Josiah Martin, colored, was given an aggregate sentence of 18 months on the county roads for larceny. He was convicted of stealing a pair of pants from Henry Bordeaux, a watch from Tom Lofton and a pair of pants from Bill Davis, all colored. He was given six months in each case.

The case against Louis Carter, colored, for shooting Thomas Reynolds, colored, was called but the defendant failed to appear. A capias was issued for his arrest. He was out under $100 bond with E. M. Green, colored, as surety.

SPECIAL MOONLIGHT TRIP

Capt. Harper Will Conduct a Personal Excursion Tomorrow Night.

At the request of a number of young people Captain Harper, the affable master of the steamer Wilmington, tomorrow evening will conduct a personal moonlight excursion, with two boats at 5:15 o'clock in the afternoon and one in the evening at 8 o'clock, which promises to be one of the most pleasing outings of the season.

A fine feature of the trip will be music on the boat by the Columbia orchestra and there will be dancing at the pavilion at Carolina Beach. The public is invited. The boat will return to the city at 11:30 o'clock.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: A. W. Pate and wife and C. C. Chadbourn to W. C. Winters, for $98, two lots on eastern line of Myrtle avenue, in Harnett township: Gertrude Foster to Lewis Hill, for $10 and other considerations, lot on northeast corner of Seventh and Meares streets, 33x155 feet in size, together with all the buildings on the premises: E. P. H. Strunck and wife to Brunswick Wood and Coal Company, composed of L. O. Parish, J. F. Tripp and W. W. Galloway, for $10 and other considerations, three tracts of land in Cape Fear township, on Cat Fish Creek, containing in the aggregate 300 acres.

Delightful Launch Party.

Mr. Davis Robbins was host last night of a delightful launch party up and down the Cape Fear river. Five couples composed the happy party and the occasion will be long remembered by them. Those in the party were: Misses Carrie Drew, Georgia Drew, Alice Drew, Katie Lou Meredith, Custis Medidth, and Messrs. Davis Robbins, Josie Jerome, Edgar Best, Atwood Bowden and Mr. Johnson.

Brooklyn Baptist Revival.

The revival at Brooklyn Baptist church this week is being well attended and is being conducted by Rev. T. W. Chambliss and Pastor Whitlock. Rev. Mr. Chambliss preached a strong and forceful sermon last night and much interest is being taken in the meetings. He will conduct the Y. M. C. A. shop meeting today at 12:20 o'clock.

Sale Starts Saturday Morning at 8 O'Clock

—Newbern, June 29.—A negro named Amos West, an employe of the ice factory, was drowned in Neuse river Sunday.

—Tarboro, June 29.—The Princeville graded school (colored) held its graduation exercises last Friday night. C. F. Rich, of Rocky Mount, delivered the address. The exhibition of sewing undertaken this year for the first time was a unique feature and was most creditable. The dresses worn by the graduates were made by themselves.

—Lumberton Robesonian: Mr. W. C. Prevatt, of Raft Swamp, was in town Saturday and gives account of "making money some," on peaches. Mr. Prevatt says that he has gathered and sold $17 worth of peaches from one tree this year, to say nothing of what his family has made use of. He raised the tree years ago and does not know the name of the peach, but says it is of the clear-stone variety.

—Winston-Salem, June 29.—The Brown and Williamson Tobacco Company, of this place, have added smoking tobacco and snuff departments to their factory. The company's large storage factory on Liberty and First streets are to be used for these two new departments. A new storage warehouse is to be erected. Snuff manufacturing here is a new departure for this town, but there is no reason why it should not be a success, as this city has long been recognized as the leading flat plug manufacturing town in the world, besides its smoking tobacco reputation.

—Raleigh News and Observer: Report has it that Major Charles M. Stedman, of Greensboro, is to be appointed president of the North Carolina Railroad and that Mr. A. H. Eller, of Winston-Salem, now the secretary and treasurer of that road, is to be re-appointed. A gentleman from Greensboro in the city a few days ago in speaking of the officers of the North Carolina Railroad, whose terms are soon to expire, says that it is understood that Governor Kitchin will appoint Major Stedman as president to succeed Mr. Hugh G. Chatham, of Elkin, and that he will re-appoint Mr. Eller as secretary and treasurer to succeed himself.

—Raleigh News and Observer: It is a great pleasure for Raleigh to welcome to the city the family of ex-Governor Charles B. Aycock, who have arrived from Goldsboro and have taken up their home here, ex-Governor Aycock having become a citizen of Raleigh some time ago, his family waiting to join him after the close of the Goldsboro schools. Governor Aycock and family are residing at the Capehart residence, corner of Wilmington and North streets, a handsome home. Mrs. Aycock and family made a great host of friends while they occupied the Governor's Mansion and they are given a warm and heart-felt welcome to Raleigh, which has learned to hold Mrs. Aycock in the highest esteem.

—Raleigh, June 29.—Mr. J. O. Wright, of Washington, D. C., drainage engineer of the United States Department of Agriculture, has arrived in the city for the purpose of submitting to the State Board of Education, which will meet today, a proposition for the sale of the Mattamuskeet Lake, in Hyde county. It is understood that Mr. Wright has been acting as the agent of the State Board of Education in undertaking to negotiate the sale of the lake, and that he has secured a proposition from Northern interests. It is said that the board will be largely guided by his advice, as Mr. Wright has been greatly interested in the drainage project, and that the lake is unquestionably one of the most valuable pieces of land in the State. There are about 50,000 acres owned by the State in the Williamsport drainage district comprising, it is stated, about 250,000 acres. It is not known whether the board will take final action today, or not, as there are other interests investigating the property, one of whom, through a representative here, has asked that the deal be not consummated today.

—Thomasville, June 29.—Sixteen of the 18 trustees of the Thomasville Baptist Orphanage held a harmonious and enthusiastic meeting today. They were greatly gratified at the marked improvement in the condition of the institution. One of the important features of the day's work was the appointment of a committee to report at the meeting next year looking to the establishment of an industrial plant worthy of the name. A larger and better office was promised to Charity and Children, which in its present cramped quarters is not able to properly handle its growing business. More than $52,000 passed through the hands of Treasurer Averitt last year who reports a very small debt. The different departments with one exception, report neat dividends the paper leading with a net profit of $2,000. The present officers were re-elected. The time of six members of the board expired this year, but they were all re-elected: Prof. F. P. Hobgood is the president and Rev. Thomas Carrick, secretary of the board. Afterthe day's work was done and the evening shadows gathered a large congregation assembled under the pavilion and Dr. J. W. Lynch, of Durham, preached a masterly sermon. Tomorrow a great throng is expected after the exercises by the children the annual address will be delivered by Hon. A. H. Eller, of Winston.

LUMBER AND SHINGLE MILLS

The largest stock of cypress shingles carried in the State. We always have over a million in stock.

We make 13 different grades and sizes, varying from $2.00 to $10.00 per M. Our shingles are recognized in the Northern Markets, as well as in the West Indies, as the very highest standard, both in grade and manufacture. "We have a standing guarantee that " we give (2) good ones for (1) bad one."

Don't buy any shingles that do not have W. W. Koch in large type on every bundle.

We do not dip the ends of our shingles in red ocre to hide windshakes and other defects. Don't buy until you get our prices and compare the shingles. We make and dispose of 20,000 shingles per day.

We furnish all the shingles f for the government at Fort Caswell, ours being the only shingles tat stand government inspection.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, June 30.—Today's cotton market was less active with fluctuations rather narrow and irregular as a result of evening up for over the Government report and the approaching holidays; the markets being closed next Saturday and Monday. The close was steady net 2 points higher to 2 points lower. The market opened steady at a decline of 4 to 6 points in response to disappointing Liverpool cables, a fairly good weather map and a renewal of the realizing movement noted yesterday.

There was continued bull support at the decline, however, offerings were restricted by reports that a storm along the Gulf coast was working northward and that heavy rains had fallen at Mississippi points not covered by the early map, and helped by covering, prices gradually working up to a net gain of some 4 to 6 points. The detailed reports of the weather bureau failed to show and sign of the preciptation claimed by the private advices in the central belt and with some of the private condition reports a point or so better than extreme bulls had anticipated, the market developed a reactionary tendency in the afternoon with prices easing off to about the closing figures of yesterday under scattering liquidation.

Three private condition reports were issued. One made the condition 72.1 per cent., but the other two were higher; one reporting 78.4 and the other 78 2 per cent., the tendency on the whole being to somewhat modify the more bullish views regarding the probable showing of the Government's figures, which, when issued at noon on Friday, will compare with 21.1 last month, 81.2 last year, 72.0 two years ago and a ten year average of about 80.8 per cent.

Southern spot market reported early were unchanged to 1-8c higher.

Receipts at the ports today were 5,064, against 10,899 last week and 6,588 last year. For the week 30,000 bales against 33,505 last week and 57,236 last year. Today's receipts at New Orleans 3,230 bales against 713 last year.

Cotton spot closed steady; middling uplands 12.00; middling gulf 12.25. Sales of the day were 490 bales.

Futures opened steady and closed steady.

THE DRY GOODS MARKET

(By Wire to the Morning Star.)

New York, June 30.—The day's cotton goods market showed maintained strength and a stronger tone on heavy brown cottons. Yarns remain rather quiet but with a firmer tendency in price. Silk taffeta for Spring is being added freely from some agencies. Knit goods for Spring are more active and hosiery is selling freely. Jobers closed their semi-annual sales. The wholesale bouses will be generally closed on Saturday.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, June 30.—The first day of the fiscal year not unusually is given over to arrangements for the annual and semi-annual financial settlement, to the prejudice of active interest in the stock market. Today was no exception to the rule. The United States executive committee which was in session when the market closed yesterday, did none of the things which were predicted of it. Heavy selling of United States Steel was the result. The general reactionary tendency was contested by supporting other points in the list. The Harriman Pacifics were influential examples.

Money markets were undisturbed by the yearly settlement preparations. The demand of the money market for that purpose was supplemented by the engagements of additional sums of gold for export to South America at the end of the week. Sub-Treasury operations also are withdrawing something from the market. A sentimental effect merely was produced by the publication of a call from the Treasury Department for a return of $25,000,000 of Government deposits, since the instalments are not payable until July 15 and August 15. More attention was paid to the intimation that an early issue of Panama Canal bonds or Treasury notes might be necessary to meet the needs of the Government's running expenses.

Bonds were irregular. Total sales, par value, were $4,326,000.

United States 2's registered, the 3's coupon and the 4's coupon declined 1-4 per cent in the bid price on call.

Total sales of stocks today were 438,800 shares, Tncluding tobacco 200; C. & O. 5,600; L. & N. 300; N. & W. 200; Southern Pacific 64,100; Southern Railway 2,700; pfd 200; Tennessee Copper 200; Union Pacific 46,700; United States Steel 81,800; Virginia-Carolina Chemical 500; Sloss 200.

BASE BALL

Brooklyn, June 30.—Brooklyn and New York divided a double-header today. Five successive hits off Wiltse and an error by McCormick brought the victory home for Brooklyn in the seventh inning of the first game. Mathewson had the locals hypnotized in the second game, allowing them four scattered hits. He struck out eight men and gave no bases on balls.

Pittsburg, June 30.—The world's record of attendance at a baseball game was broken here today when 30-338 paid admissions were registered at Forbes Field when that park, the new million dollar home of the Pittsburg baseball club was dedicated. The game was one of the most exciting seen in Pittsburg in years, Chicago winning from the locals by a score of 3 to 2. Ground rules prevented the home team from winning in the eighth inning when Miller knocked the ball over Hoffman's head, encircling the bases and bringing in Clarke and Abstein, but he was allowed but two bases and Abstein was sent back to third, only one run being allowed.

NEW CHARTERS GRANTED

Big Cotton Mill for Alamance—Maj. Stedman for President.

(Special Star Correspondence.)

Raleigh, N. C., June 30.—A new cotton mill corporation, the Holt, Gant & Holt Cotton Manufacturing Co., Altamahaw, Alamance county, was chartered today with $150,000 capital by L. Banks Holt, J. G. Gant and Lawrence S. Holt, the latter of Washington. Another charter is to the National Religious Training School and Chautauqua for the Colored Race, principal office at Durham, James E. Shepard being one of the principal incorporators. Still another charter is to the Scott-Hodgin Manufacturing Co., Winston-Salem, for general machine shops and especially for the manufacture of a new collapsible bookcase, incorporators J. H. Scott, Geo. Hodgin and others.

It is reported here on good authority that Major Chas. M. Stedman, of Greensboro, is to succeed Mr. Hugh G. Chatham as president of the North Carolina Railroad, this office being within the gift of Governor Kitchin. It is conceded that A. H. Eller is to succeed himself as secretary-treasurer of the road.

WILL DRIVE OUT OIL TRUST.

Mississippi After $11,000,000 Fine From Standard Oil Co.

(By Wire to the Morning Star.)

Jackson, Miss., June 30.—Application was made today in the Chancery Court of Clay county by District Attorney A. L. Lamb, for a perpetual injunction restraining the Standard Oil Company from operating in the State of Mississippi and seeking to collect penalties aggregating $11,000,000 for alleged violation of the anti-trust law of the commonwealth. The injunction bill recites in detail the history of the Standard Oil Company and the methods by which it is alleged to have stifled competition in this State.

Under the Mississippi code as amended by the Legislature in 1906 the State is entitled to recover a statutory penalty of $5,000 a day for each specific violation of the anti-trust laws and the penalties sought to be recovered in this case cover three years. The hearing, it is understood, will take place at West Point during the November term of the Chancery Court.

At a special election in the Franklin, Va., magisterial district yesterday on the question whether the dispensary now in operation should be abolished, or not, 79 votes in favor of the dispensary and 210 against it were cast. As a result the dispensary will close October 1st, and thereafter the town and district will be dry.

A Common Error.

The Same Mistake is Made by Many Wilmington People.

It's a common error
To plaster the aching back,
To rub with liniments rheumatic joints.
When the trouble comes from the kidneys.
Doan's Kidney Pills cure all kidney ills,
And are endorsed by Wilmington citizens.

A. M. Wilson, 402 S. Fifth St., Wilmington, N. C., says: "I am a strong and willing endorser of Doan's Kidney Pills and will always uphold the claims made for them. I believe Doan's Kidney Pills to be the best remedy to be had for kidney trouble. My back was very weak and lame and though I wore plasters and used liniments I did not get any relief. The kidney secretions were also so frequent in passage that I had to get up several times at night and contained a heavy sediment. I heard so much about Doan's Kidney Pills that I decided to try them and procured a box at Robert R. Bellamy's drug store. They cured me after other remedies had failed and it can be plainly seen why I am so willing to recommend them."

For sale by all dearers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50c at R. R. Bellamy's.

STRIKE IN PITTSBURG AGAIN

Seven Thousand Quit Work in Sheet and Tin Plate Mills.

(By Wire to the Morning Star.)

Pittsburg, Pa., June 30.—Fifteen plants were crippled or entirely tied up at midnight tonight by the strike order that went into effect in the Union Sheet and Tin Plate Mills of the United States Steel Corporation, according to claims made by the officials of the Amalgamated Association of iron, steel and tin workers. The total number of men, on strike is estimated at 7,000.

The strike is the outcome of the open shop order posted four weeks ago by th American Sheet and Tin Plate Company at all its mills throughout West Virginia, Pennsylvania, Ohio and Indiana.
